

A low-angle, upward-looking photograph of two large, lattice-structured high-voltage power transmission towers. The towers are silhouetted against a vibrant sky transitioning from deep blue at the top to orange and yellow near the horizon where the sun is setting. The sun's glow creates a strong lens flare effect, radiating across the lower half of the image. Several high-voltage power lines stretch diagonally across the frame, connecting the towers. The overall composition conveys a sense of industrial scale and energy.

**KUMAR INDUSTRY** is end-to-end Company that seeks to perfect the manufacturing process.

With Combined Skilled professionals, ongoing training, KUMAR INDUSTRIES offers the most complete service.

Our Expertise extends through designs, fabrication, and assembly for fast production.

# From the Desk of Director

**RISHABH KUMAR SRIVASTAVA**  
**Managing Director**

Success can be achieved when you try your best in all aspects of everything you do. No circumstances can defeat you until you accept within you that you have been defeated. If you believe you can, you will succeed. In order to succeed your desire for SUCCESS should be greater than the fear of FAILURE. The elevator to SUCCESS is out of order. You'll have to use the stairs, one step at a time.

Kumar Industries is a steel manufacturing business. Our customer asks us to do great things- and we do it every day. Our employees are focused on helping our customers to achieve the customer satisfaction.

Our Leadership is the result of our teamwork. Teamwork is the ability to work together towards a common vision. Each of them deliver the one thing that customer always wants- outcome.

Success Mantra: - **"Hardship often prepares an ordinary person for an extraordinary destiny."**

About Us

# ABOUT US

**KUMAR INDUSTRIES** is an **ISO 9001-2015** certified company, established in the year 2016, engaged in fabrication of different type of structural steel. We are specialized in Transmission Line Tower, Telecommunication tower, Sub-station structures, Railway OHE structure and its SPS structure. Owing to our professional growth, technical expertise, we have expanded our business horizons towards manufacture of heavy boiler structure and rural electrification.

We are looking forward to reach greater heights of success with rich experience in our respective domain with our ethical practices. For this we are equipped with necessary machines and equipments.

We are assisted by highly qualified team of Engineers, Technical Experts who are involved in consistent research and development activities for fast and better production. Their best technical guidance have enabled us to provide excellent result oriented performance for ensuring cost reduction both in production & maintenance.

Focus on expanding the production capacity and efficiency makes the company one of the most competitive players in the market in small sector industry along with supplying superior quality and value to customers. The focus on superior quality rides on the back of company's strict control over maintaining and providing quality products to customers.

A hand holding a black pen, pointing at the word 'CORE' in a large, bold, red banner that reads 'CORE VALUES'. The banner is set against a background of various business-related terms in different sizes and orientations, including 'STRATEGIC', 'PLAN', 'OBJECTIVES', 'VISION', 'FINANCE', 'RULE', 'GOALS', 'EXCELLENCE', 'DOCUMENT', 'EXPENSE', 'PRICE', 'GUIDING', 'ACCOUNT', 'VISION', 'EMPLOYEES', 'INTEGRITY', 'MISSION', 'BUSINESS STATEMENT', 'SERVICE', 'INNOVATION', 'CONDUCT', 'MARKETING', 'COMPANY', 'PRINCIPLES', 'IDEALOGY', 'CUSTOMER', 'INNOVATION', 'MARKET'.

## Our Philosophy

*"Hardship often prepares an ordinary person for an extraordinary destiny."*

## OUR STRATEGY

- To continuously add new products to our portfolio, to tap bigger market.

## OUR VISION

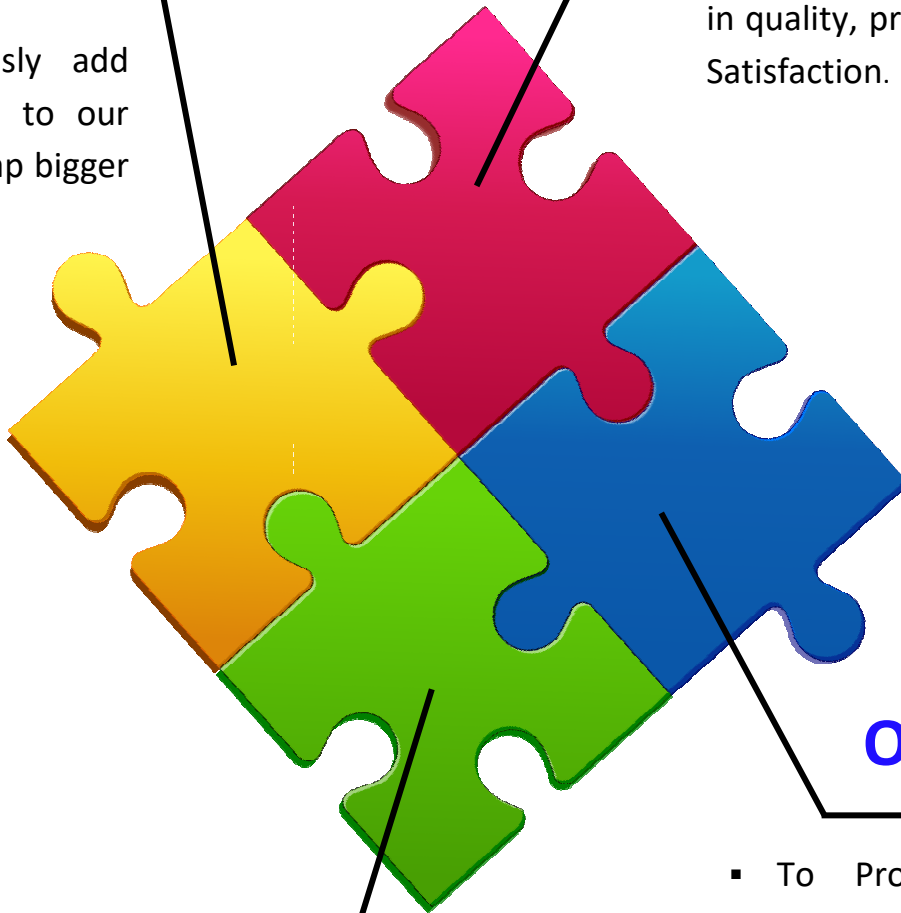

- To be a global manufacturing organisation setting the standards in quality, productivity & Customer Satisfaction.

## OUR VALUES

- **Our People**- By fostering teamwork, nurturing talent, enhancing leadership capabilities & acting with peace, pride & passion.
- **Our Commitment**- By providing Quality to deliver superior value to our Customers.

## OUR MISSION

- To Provide Quality Product Nationwide blended with research and development to deliver superior value to our customers.

A low-angle photograph of a tall electricity pylon against a blue sky with power lines stretching across the frame. The pylon is a complex lattice structure, and the lines fan out from it towards the horizon. In the background, several other smaller pylons are visible, receding into the distance. The sky is a deep, clear blue, and the overall scene is captured in a cinematic style.

# SERVICES

Service is a valuable action, deed, or effort performed to satisfy the need of the customer.

We are engaged in providing Services for

## INDUSTRIAL FABRICATION

We provide Industrial fabrication of all types including Transmission line tower, Telecommunication tower, Solar Structure, Railway OHE & SPS structure, Sub-station Structure, Boiler Structure, & Rural Electrification.

## GALVANIZING

We have collaboration with different industry for providing services of Galvanizing, Hot Dip Galvanizing, Protective coating, and paint.

## ERECTION & COMMISSIONING

We also provide services of erection and commissioning of Power Transmission line tower, Sub-Stations & Solar Structure on turnkey EPC basis.

# INFRASTRUCTURE

# INFRASTRUCTURE

Infrastructure is the fundamental facilities and systems serving a country, city, area or any company, including the services and facilities necessary to function and operate.

Our infrastructure is strategically located at Siltara Industrial Area, Raipur Chhattisgarh. Our plant is spread across 20000 sq.ft of area in order to eminently and stream line the operations including stockyard of material, manufacturing, production, assembly and dispatch of materials. We equipped with all requisite facilities including modern machines and equipments.

This has enabled us to provide excellent result oriented performance leading to cost reduction in both production and maintenance. We have the capability to manufacture up to 400 MT of structural steel per month.

# FABRICATION DIVISION

## Fabrication Unit

We have dedicated fabrication shop and assembly area for used in processing, production and finishing of products of all shapes and sizes.

Here at KUMAR INDUSTRIES, we boast an impressive set of in house facilities that allow us to take almost every project from concept, through drawing development to completion without the hindrance of third party that can slow the process down. Coupled with experienced hardworking manpower and proper machines and equipments, we uniquely positioned to get the job done.

## Quality Assurance Facilities

The fabrication and production done undergo 100% inspection to meet the customer the needs.

Moreover we have a dedicated team to ensure that all the products fabricated should be of highest standards of quality and deliverable in time.
